

ARTIST: Mochipet
TITLE: Master P on Atari MixTape
CAT-NO: DCM001
FORMAT: Free Digital Digital
RELEASE DATE: 01/13/2009

Not only intended as a teaser to Mochipet's upcoming full length release "**Master P on Atari,**" coming out April 7th 2009. This MixTape features never before released exclusives tracks mashed up in an electronic blender only as Mochipet could. There are plenty of 808 Bangers like the ones on his "**Microphonepet**" release which gained him a spot on **NBA2k9 Videogame** along side acts such as **Beastie Boys, N.E.R.D., and The Cool Kids**. But this time, with a much dirtier, bassier sound. We noticed close attention to the Kicks and Snares as they chug along nudged shuffled bass driven beats.

edIT (The Glitch Mob) "Mochi is keepin' it hyphy for the asians."

Lazarsword (Briefcase Rockers) "yo man, was just listening to this mochipet track on my itunes a second ago, and was like what the fuck this is the dopest track i've ever heard. that whole album is rawwwwww"

MISSILL (Paris , France) "WOW, i didnt take a slap on my face like dat since a while.. wow wickeed album !!!...well done, big respect"
