The question is...

# Do Geese See God?

*Prepare to ponder the vastness of our reality as The Bad Hand and beat guru Mochipet team up for this special 7-inch release. Swirling between serenity and sinister sentimentality, "Do Geese See God?" is an epic journey through one existential quandary after another, culminating in an unsettling moment of calm. Tumbling keys cascade over surging guitar as ominous drums stampede below. On the B side, "Mochi's Take" is a wry dancefloor remix; a carefree bassbin-bouncer, bringing introspection to the conscious club crew.*
